

## **POSITION VACANCY ANNOUNCEMENT NO. #341**

THE FOLLOWING EXEMPT POSITION IS AVAILABLE  
FOR APPLICATION BEGINNING January 16, 2007

### **INTERNAL/EXTERNAL POSTING**

Class Title: Senior Casualty Actuarial Examiner

Division: Examination

Class Code: N21590

Position No.: 13137

Position Type:

Permanent: X Full Time

Pay Grade: 500

Temporary:    Full Time

Salary Range: \$59,769 - \$87,213 Annual

Working Hours: 40 hours weekly

Under administrative direction, analyze reserves and other relevant material for actuarial soundness and maintain appropriate data on which to base these examinations. Please note that this is an at-will position.

#### **Duties:**

1. Analyze individual insurer and insurer group loss reserves, reinsurance treaties, expected recoveries under reinsurance treaties, including the risk profile and longer-term solvency projections of insurers, and to provide technical assistance to the Examination Division.
2. Participate in examinations of insurers, assess the adequacy of direct and net loss reserves and identify deficiencies.
3. Evaluate and report on insurer actuarial opinions provided to the Department of Insurance on an annual basis.
4. Represent the Department of Insurance at meetings and deliberations of the National Association of Insurance Commissioners.
5. Provide assistance that may be required by other divisions within the Department of Insurance.

**Education, Skills, Abilities and Experience:**

Knowledge of the theory and practice of insurance accounting and examining. Skill in analysis of insurance data and in the preparation of reports. Ability to communicate effectively to present comments, opinions and factual information clearly and concisely.

Knowledge of Microsoft Windows, Word, Access, and Excel is preferred. Proficiency in use of the computer systems and equipment including, but not limited to, the operation of a personal computer is essential.

In-state and out-of-state travel is required.

Minimum of 5 to 7 years but would prefer 10 or more years experience in the insurance industry or related field with majority of diverse work involving the setting and evaluation of reserves.

Bachelor's degree in a business related area, mathematics or actuarial science is preferred. A designation of ACAS (Associateship in the Casualty Actuarial Society) or FCAS (Fellowship in the Casualty Actuarial Society) is strongly preferred.
